

E6 Monaxis ULF Series

Multidecks

-2~6°C Temperature Performance

+40% Storage Capacity

+15% Display Area

≥ -7°C Higher Evaporating Temperature

+16% Sales per unit area

220mm Ultra Low Front Height

7 layers Display Space

Product Features

- ☒ Complete product lines (Depth 850/1050mm), suitable for various store layouts
- ☒ Modern appearance, better display
- ☒ Optimized temperature, suitable for storing daily products and meat
- ☒ With a larger opening height which can highlight the product display effect
- ☒ 1 extra shelf, higher area effectiveness
- ☒ Evaporating temperature: -7°C, with squeezed double air curtain to optimized total energy consumption
- ☒ There are multiple choices of openings and glass doors for different customer needs..

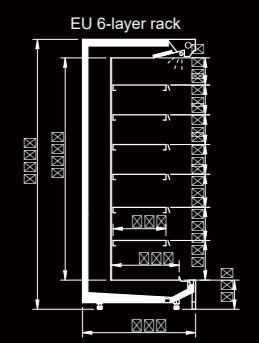

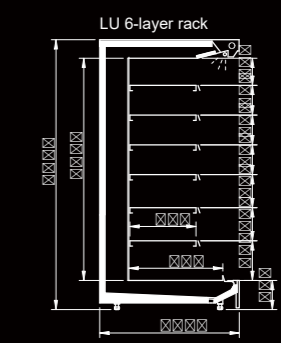

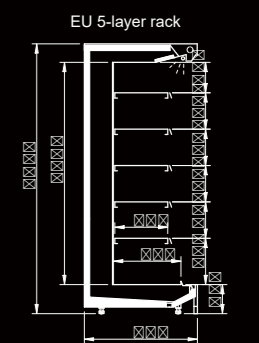

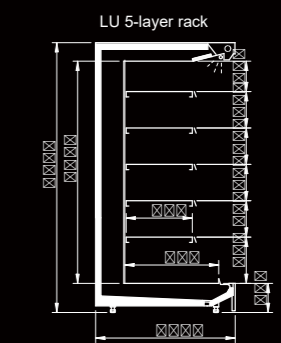

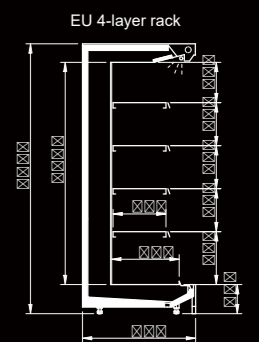

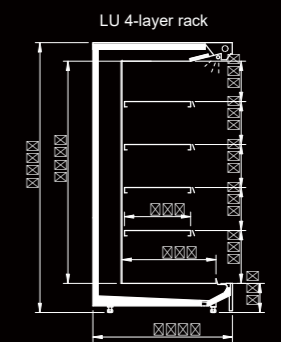

E6 Monaxis ULF Series

Multidecks

Technical Data

Series	Type	Standard Model	Width	Applications	Dimensions (LxWxH)	Operating Temperature (°C)	
Monaxis	Self-service Multideck	Monaxis LU D 125	1050mm	Application switch freely	1250*1050*2040	0~4/2~6	
		Monaxis LU D 188	1050mm		1875*1050*2040	0~4/2~6	
		Monaxis LU D 250	1050mm		2500*1050*2040	0~4/2~6
