

E6

Semi-vertical Multidecks

 **-1~5°C** Temperature Performance

 **+5%** Storage Capacity

 **+20%** Display Area

 **-5%** Energy Consumption

Product Features

- Full sized product lines, applicable to stores with various layouts
- Full glass side wall, fashionable and beautiful
- Accurate and stable temperature control in the cabinet
- Temperature optimization, for storage of various food
- Low front design, for a bigger display area and better shopping view
- Two height options, with narrow top plaque design, suitable for various consumers in Asia
- Squeezed Multi-layer Air Curtain design, with high efficiency evaporator and reducing total energy consumption
